

## Last Thing On My Mind

### Steps

There was something in your voice  
That was telling me don't be too sure  
Arousing my suspicions  
I have never felt before

I thought we had it made  
I thought you'll never go away

But now you're suddenly like a stranger  
And you're leaving our love behind  
Of all the things I was every planning for  
This was the last thing on my mind

When I looked into your eyes  
There was something you weren't telling me  
But in my confusion I just couldn't see

If there was any doubt  
I thought we would work it out

But now you're suddenly like a stranger  
And you're leaving our love behind  
Of all the things I was every planning for  
This was the last thing on my mind

There was something in your voice  
That was telling me don't be too sure  
Arousing my suspicions  
I have never felt before

But now you're suddenly like a stranger  
And you're leaving our love behind  
Of all the things I was every planning for  
This was the last thing on my mind
