

# When I Said Goodbye

## Steps

I said too much, went way too far  
It's only now, now we're apart  
That I can see I was wrong  
And you're where I belong  
So please don't make me cry  
I know you don't believe it,  
But I really didn't mean it  
When I said goodbye.

(When I said goodbye)

I was a fool, now I'm alone  
Would you have stayed,  
Stayed if you had known  
That every thought is of you  
Hurt is all I can do  
Without you in my life.

I know you don't believe it  
But I really didn't mean it  
When I said goodbye

I can't bear to watch you fly,  
I need you in my life  
Don't say goodbye  
Let's give love another chance  
It used to be that you and me  
Was all we needed to know  
I can't believe you're leaving  
And I can't live my life alone

We've changed so much  
And still love remains  
Let's work it out,  
There's no need to turn the page  
You're love is everything  
Don't let go, we can win  
If we would only try

I know you don't believe it  
But I really didn't mean it  
When I said goodbye

(Goodbye)
