

## Creation

Stereo MC's

Gimme no slack and I give it right back  
Cos the punch I pack's gonna come with a smack  
Cos I'm like that exactly like that  
And if I slip there's no excuse for that  
It gets deep but I can't control  
The road is steep and full of pit holes  
Cheap and nasty sophistication  
But all I seein' is pure creation  
A solo station for civilization  
Congregating in another dimension  
Don't ask me why I don't understand it  
It's just the way nature planned it

I'm talking about creation  
I'm talking about relations  
I'm talking about creation  
We need some combination

To a hairs breath how we gonna do it  
You want to look but you knew it you blew it  
Out of proportion no I don't think so  
This thing's bigger than both of us so  
Drop your anchor and weigh your thoughts  
Like mega ton bombs droppin' on your front porch  
A real summer breeze that's gonna be  
When they don't exist and neither do we

I'm talking about creation  
I'm talking about relations  
I'm talking about creation  
We need some combination

So don't lose track when the wall's at your back  
And you're under attack hold on to your hat  
As trouble always comes ion sax o' tax  
Dark blue astras plain clothes slacks  
Hard facts kept under wraps  
Scared to risk your neck less your head be axed  
Cos all the kings horses and all the kings men  
Ain't gonna put us back together again  
My friend my brother my foe my ego  
My mother my father my bride my pride  
New life I can see it in your eyes  
Improvise watch the spirit rise

I'm talking about creation  
I'm talking about relations  
I'm talking about creation  
We need some motivation I don't shirk the work  
Come strong like Hercules  
Till I seize your heartbeat and make it freeze  
So you know I'm authentic

And when I said that I don't let up I really meant it  
I'm full of beans co s I eat my greens  
I'm like Mr Lean I love the way you scream  
I see jungles forests rivers streams

Grand Canyon mountains seas and livin' beings  
Sweet dreams are made of these things  
And the power to raise up my limbs  
To all these gifts I wanna dedicate  
Every hour I spend and every second I take

I'm talking about creation  
I'm talking about relations  
I'm talking about creation  
We need some combination
