

Paradise

Stereo MC's

When you're riding high on life
There's a twisting paradise
So make a sacrifice
Come on now pay the price

When you're riding high on life
There's a twisting paradise
Come on now /3/

Whatever you want from me (whatever you want from me)
Whatever you need from me (whatever you need from me)
Whatever you get you see (what you see is what you get)
Look for necessity

When you're riding high on life
There's a twisting paradise
You gotta make a sacrifice
Come on now pay the price

Whenever you need to see (yeah)
A frame of reality
Being prepare to be
Whatever you wanna be

Taking form ***

When you come between both sides
Don't let your reason slide
There's a twisting paradise
Gotta make a sacrifice

Gonna break the *** down
'till kingdom come
Gonna heat this thing up
X/2/

Like the heat *** from the sun /2/

When you're riding high on life
