

# Man I Think I Love Her

Stereo Skyline

My chick she's a little Punk Rock  
Can't stand when listening to Hip Hop  
She prefers White Snoko over Drake  
(whatever)  
But make her listen to it anyway  
She gets mad cuz I'm always on my iPhone  
A Blackberry can't barely get signal  
She's so on-time when I'm always running in place  
(hurry up)  
I guess she's gonna have to wait  
Thinking I'm in way over my head  
Yeah

She says left and I say right  
Yeah She says yes and I just might  
Cuz I go up and she goes down  
Yeah I say something and she freaks out  
I swear she's out to get me  
She's all a moody crazy  
And I'm telling you she hates me  
She's unlike any other, Man I think I love her

Man I think I love her (2x)

My chick she's a little bit physco  
She drew blood on American Idol  
(Hey)  
She's always hiding me remote from me  
Sucks for her that it's my TV  
She's in my face when over I'm driving  
My girlfriend talk to much

Yeah she never shuts up  
Thinking i'm in way over my head
