

# Tongue Tied

Stereo Skyline

Come on eh yeah!  
Got caught in a dream world,  
Where you are my dream girl  
Since you first came around and talked to me.  
But my words got choked up, wish  
I would've spoke up  
But now you and me are only make believe.

Because I'm tongue tied.  
I can't find the words to say that I  
I need you by my side.  
But I'm terrified just to talk to you.  
I won't be satisfied 'til I'm tongue tied with you.

So now it's a new day, better get outta my way  
Gotta make you understand my master plan.  
I'm gonna practice my words,  
all my nouns and verbs  
Anything I could do to get through to you.

I'm gonna make you mine,  
No matter rain or shine  
I just need some time.

Because I'm tongue tied.  
I can't find the words to say that I  
I need you by my side.  
But I'm terrified just to talk to you  
I won't be satisfied 'til I'm tongue tied with you.

Dude, seriously you should give her a call.  
Don't call her, don't call.  
It's ringing  
Hello?... Hello?  
Um...  
This is not funny... Okay you know what, I'm hanging up now.

Oh!

Knees weak, can't speak  
I'm just stu-stu-stuck on repeat.  
I'm thinking 'bout her 8 days a weeks it's not enough for me.  
Oh, Oh, Oh, Oh-Oh-Oh-Oh-Oh

Because I'm tongue tied.  
I can't find the words to say that I  
I need you by my side.  
But I'm terrified just to talk to you  
I won't be satisfied 'til I'm tongue tied with you.

Because I'm tongue tied.  
I can't find the words to say that I  
I need you by my side.  
But I'm terrified just to talk to you  
I won't be satisfied 'til I'm tongue tied with you.
