## **Tongue Tied**

## **Stereo Skyline**

Come on eh yeah! Got caught in a dream world, Where you are my dream girl Since you first came around and talked to me. But my words got choked up, wish I would've spoke up But now you and me are only make believe.

Because I'm tongue tied. I can't find the words to say that I I need you by my side. But I'm terrified just to talk to you. I won't be satisfied 'til I'm tongue tied with you.

So now it's a new day, better get outta my way Gotta make you understand my master plan. I'm gonna practice my words, all my nouns and verbs Anything I could do to get through to you.

I'm gonna make you mine, No matter rain or shine I just need some time.

Because I'm tongue tied. I can't find the words to say that I I need you by my side. But I'm terrified just to talk to you I won't be satisfied 'til I'm tongue tied with you.

Dude, seriously you should give her a call. Don't call her, don't call. It's ringing Hello?... Hello? Um... This is not funny... Okay you know what, I'm hanging up now.

Oh!

Knees weak, can't speak
I'm just stu-stu-stuck on repeat.
I'm thinking 'bout her 8 days a weeks it's not enough for me.
Oh, Oh, Oh, Oh-Oh-Oh-Oh

Because I'm tongue tied. I can't find the words to say that I I need you by my side. But I'm terrified just to talk to you I won't be satisfied 'til I'm tongue tied with you.

Because I'm tongue tied. I can't find the words to say that I I need you by my side. But I'm terrified just to talk to you I won't be satisfied 'til I'm tongue tied with you.
