

If there's been a way to build it  
If there's been a way to build it  
There'll be a way to destroy it  
Things are not all that out of control  
If there's been a way to build it  
There'll be a way to destroy it  
Things are not all that out of control  
If there's been a way to build it  
There'll be a way to destroy it  
Things are not all that out of control  
If there's been a way to build it  
There'll be a way to destroy it  
Things are not all that out of control  
If there's been a way to build it  
There'll be a way to destroy it  
Things are not all that out of control  
If there's been a way to build it  
There'll be a way to destroy it  
Things are not all that out of control
