All this violence is puzzling Maybe the law should intervene All this violence is threatening Hate is in need of censoring Ban hate and violence for our convenience Ban hate and violence for our convenience All this violence is puzzling Maybe the law should intervene All this violence is threatening Hate is in need of censoring Ban hate and violence for our convenience Ban hate and violence for our convenience Don't we all know the dangers Of two conflicting viewpoints? An active troublemaker Banning the flame of dissent So much aggravation To all haters We'll create some laws to stop you You're the danger, you really shouldn't be allowed to They piss on morality They detest humanity Those savages should be banned They're so deeply offensive Somebody shut them up They'll still be full of shit But it's handy We'll blame it on human nature They piss on morality They detest humanity Those savages should be banned They're so deeply offensive Somebody shut them up We'll censor the hell out of you We'll coerce evil out of you We'll cut your tongue if we have to You're the baddies and we hate you We'll censor the hell out of you We'll coerce evil out of you We'll cut your tongue if we have to You're the baddies and we hate you
