

Caught by the Wind

Stereophonics

Wolves in the woods
Don't play by the rules
From mouth to ear
Anything's possible

Set the needle down
Take it back to the start
When do we lose
Just how free we are?

Help yourself to what you want
Get caught by the wind
Believing you can fly
Celebrate everything

Sunbathing on the roof
Watching aeroplanes
Believing you can live
Yeah forever and a day
Oh, yeah

Every chain got a broken link
Jump off the boat, you can swim or sink
Swallows dive through the summer nights
Something beautiful, money just don't buy

Help yourself to what you want
Get caught by the wind
Believing you can fly
Celebrate everything

Sunbathing on the roof
Watching aeroplanes
Believing you can live
Yeah forever and a day

Don't say it's over
It's never over
There's always time to change
And start again today
Right now

Wolves in the woods
Don't play by the rules
From mouth to ear
Anything's possible

Help yourself to what you want
Get caught by the wind
Believing you can fly
Celebrate everything

Sunbathing on the roof
Watching aeroplanes
Believing you can live
Yeah forever and a day

Oh yeah, Oo yeah
(Wooaaaaah woaaah)
Oh yeah, celebrate everything
(Woaaaaaaah woaaah)
Oh yeaaaaaaaah
Help yourself to what you want
Get caught by the wind
Believing you can fly
Celebrate everything

Sunbathing on the roof
Watching aeroplanes
Believing you can live
Yeah forever and a day
