

# Caught by the Wind

## Stereophonics

Wolves in the woods  
Don't play by the rules  
From mouth to ear  
Anything's possible

Set the needle down  
Take it back to the start  
When do we lose  
Just how free we are?

Help yourself to what you want  
Get caught by the wind  
Believing you can fly  
Celebrate everything

Sunbathing on the roof  
Watching aeroplanes  
Believing you can live  
Yeah forever and a day  
Oh, yeah

Every chain got a broken link  
Jump off the boat, you can swim or sink  
Swallows dive through the summer nights  
Something beautiful, money just don't buy

Help yourself to what you want  
Get caught by the wind  
Believing you can fly  
Celebrate everything

Sunbathing on the roof  
Watching aeroplanes  
Believing you can live  
Yeah forever and a day

Don't say it's over  
It's never over  
There's always time to change  
And start again today  
Right now

Wolves in the woods  
Don't play by the rules  
From mouth to ear  
Anything's possible

Help yourself to what you want  
Get caught by the wind  
Believing you can fly  
Celebrate everything

Sunbathing on the roof  
Watching aeroplanes  
Believing you can live  
Yeah forever and a day

Oh yeah, Oo yeah  
(Wooaaaaah woaaah)  
Oh yeah, celebrate everything  
(Woaaaaaaah woaaah)  
Oh yeaaaaaaaah  
Help yourself to what you want  
Get caught by the wind  
Believing you can fly  
Celebrate everything

Sunbathing on the roof  
Watching aeroplanes  
Believing you can live  
Yeah forever and a day
