

Have A Nice Day

Stereophonics

Ba bada bababada da
Ba bada bababada da
Ba bada bababada da
Ba bada bababada da

San Fransisco bay passed me 39
Early pm cant remember what time
Got the wedding cab stopped at the red light
Address unsure of but its just not right

It started straight off come in here its Hell
Thats his first words we asked what he meant
He said where are you from we told him my lots
You take a holiday is that what you want?

So have a nice day
Have a nice day
So have a nice day
Have a nice day

Lie around all day having drink and cheese
Yourself and tourists here thats what I hate
He said were going wrong weve all become the same
We dress the same ways only our accents change

So have a nice day
Have a nice day
So have a nice day
Have a nice day

Ba bada bababada da
Ba bada bababada da
Ba bada bababada da
Ba bada bababada da

Swim the ocean then open my dish
Drive around all day kill all processed fish
Thats all our money gone dont want us any more
Youre only in it now to make more more more

So have a nice day
Have a nice day
So have a nice day
Have a nice day
