

I Miss You Now

Stereophonics

I feel I wanna hold you, wanna tell you that you'll be alright
Sang this song today, it's recalling your pictures all in my mind

I miss you now

I miss you now

Although we're getting old now my old friends gonna leave me and die

I'm helpless, it's gonna get us before we get this, I wanna kiss you goodbye

I miss you now

I miss you now

I miss you now

I feel I wanna hold you, wanna tell you that you'll be alright

I'm helpless, it's gonna get us before we get this, I wanna kiss you goodbye

I miss you now

I miss you now

I miss you now
