Oh oh oh oh
Listen
You don't even call anymore
It's so different from the way that it was before
Everyday I hear your pretty voice
I have no choice but to be all alone without you (ooh ooh)
There's so many mistakes we make in love (love love)
But I'm thinking this is something we can solve (we can solve)
I'll take all the blame for breaking your heart
But you can't let it tear us apart

Because she didn't mean anything to me (no)
She wasn't the one I see in my dreams (dreams)
You know that it's true
If you believe, please accept my apologies

I didn't mean to hurt you girl
I didn't see myself settling down
But I knew from the first time you came around
From the moment I looked into your eyes
I never wanted to see you cry over me
But I knew if we got serious in love (love, love)
We would never ever wanna break it up (never wanna break it up)
I wasn't begging for you until this day
Would you believe me when I say (that she)

She didn't mean anything to me (oh no)
She wasn't the one I see in my dreams (dreams)
You know that it's true
If you believe, please accept my apologies

I'm sorry baby (baby)
She didn't mean anything to me
She wasn't the one I see in my dreams (oh)
You know that it's true
If you believe, please accept my apologies
Baby hmmm yeah (oh oh oh)

Please accept my apologies
(I'm sorry baby)
