

Always

Steve Green

You are good always
And in all ways
You are working all things
Together for our good
You are good always
In big and small ways
I know I can trust You
In everything You do

With the hard winds of life
Blowing out of control
It can feel like I'm all on my own
But You've given me Your word
And I know You'll never leave
And I've never faced a single storm alone

I can't say it's always
Been a smooth open road
Or turned out the way I'd prefer
But one thing I'm sure of
You've been faithful to me
And I live to give You all that You deserve
