

Behold Emmanuel

Steve Green

Far away from home
An unfamiliar place
A cold and bitter wind
No walls to keep them safe
A cry the only sound
A star the only light
A mother holds her child
Peace on earth tonight

Heaven's glory
Place within a humble world to dwell
Son of God, Son of Man love is with us
Behold Emmanuel

From stables' muddy sod
Where cattle make their bed
A Father's song is born
To touch the souls of men
For every life that's lost
For every heart that's found
It reaches out this night
As far as man is found

Heaven's glory
Place within a humble world to dwell
Son of God, Son of Man love is with us
Behold Emmanuel

Heaven's glory
Place within a humble world to dwell
Son of God, Son of Man love is with us
Behold Emmanuel
