

God Causes All Things To Grow

Steve Green

Dreams dressed in white
Vows made by candlelight
Hoping to find out what true love is all about
A quiet fear
Where do we go from here
So many wake and see love slowly disappear

God causes all things to grow
Through every season we know
He will guard the life
That He's planted in our souls
And when we feel the cold winds blow
We'll hold to what we know
God causes all things to grow

You know where I've failed
My weakness has been unveiled
And yet by grace you choose to love and to forgive
So come what may our home is here to stay
A witness to the lasting promise He has made

God causes all things to grow
Through every season we know
He will guard the life
That He's planted in our souls
And when we feel the cold winds blow
We'll hold to what we know
God causes all things to grow
(2x)

And we know God causes all things to grow
