

# Lord Of The Dawn

Steve Green

We're thankful for the rising sun  
For warmth and hope in the breaking dawn  
For mercy, grace and creation's song  
To know we have only begun  
Giving thanks to the Lord of the dawn.

We're thankful for a life that's full  
That ev'ry hour you control  
For the powerful way your light breaks forth  
To know we have only begun  
Giving thanks to the Lord of the dawn.

Lord of the dawn, shine your light  
Change the darkness where fear dims our sight  
Make one more new day bright  
Lord of the dawn

We praise you for your steadfast love  
From morning's light till the setting sun  
Ev'ry moment eternity comes  
To know we have only begun  
Giving thanks to the Lord of the dawn.

Lord of the dawn, shine your light  
Change the darkness where fear dims our sight  
Make one more new day bright  
Lord of the dawn

Lord of the dawn, ev'ry day  
You take doubting and darkness away  
Forever we give you the praise  
Lord of the dawn
