

# Sing Children Sing

Steve Green

Father, Abba Father  
We humbly come before You  
Hear us and draw near us  
As children at rest in Your arms  
We find peace and safety secure from all fear and alarm  
Sing children sing, let all His children sing

Jesus, loving Savior  
Constant companion  
Creator, yet our brother  
We lift holy hands and applaud  
For we who were paupers are now sons and daughters of God

Sing, children sing  
Let your voices ring  
Sing, children sing  
A joyous refrain like the sound of a sweet summer rain

Spirit, Holy Spirit  
Promise from heaven  
Our comfort and our teacher  
We live to abide in Your love  
Finding our joy as we set our affections above

Sing children sing  
Let all His grateful children sing
