Sing Children Sing

Steve Green

Father, Abba Father We humbly come before You Hear us and draw near us As children at rest in Your arms We find peace and safety secure from all fear and alarm Sing children sing, let all His children sing

Jesus, loving Savior Constant companion Creator, yet our brother We lift holy hands and applaud For we who were paupers are now sons and daughters of God

Sing, children sing Let your voices ring Sing, children sing A joyous refrain like the sound of a sweet summer rain

Spirit, Holy Spirit Promise from heaven Our comfort and our teacher We live to abide in Your love Finding our joy as we set our affections above

Sing children sing Let all His grateful children sing
