

You Can Be As Full (as You Want To Be)

Steve Green

Are you empty
Tired of where you are
Does the faith inside you
Only take you so far
It's always time for growing
We need so much more
Of the Spirit of the Lord

You can be as full as you want to be
Look inside your heart and you will see
All the places that you need to give to Him
Open up your heart and you will see
You can be as full as you want to be
But it's up to you how much you let Him in
Let Him in (open up to Him)

He promised us His Spirit
It's up to me and you
Let Him live inside us
And show what He can do
He will make us holy
In our body and our soul
If we give Him full control

You can be as full as you want to be
Look inside your heart and you will see
All the places that you need to give to Him
Open up your heart and you will see
You can be as full as you want to be
But it's up to you how much you let Him in
Let Him in (open up to Him)

Open up and you will be as full as you want to be
