

# You Can Be As Full (as You Want To Be)

Steve Green

Are you empty  
Tired of where you are  
Does the faith inside you  
Only take you so far  
It's always time for growing  
We need so much more  
Of the Spirit of the Lord

You can be as full as you want to be  
Look inside your heart and you will see  
All the places that you need to give to Him  
Open up your heart and you will see  
You can be as full as you want to be  
But it's up to you how much you let Him in  
Let Him in (open up to Him)

He promised us His Spirit  
It's up to me and you  
Let Him live inside us  
And show what He can do  
He will make us holy  
In our body and our soul  
If we give Him full control

You can be as full as you want to be  
Look inside your heart and you will see  
All the places that you need to give to Him  
Open up your heart and you will see  
You can be as full as you want to be  
But it's up to you how much you let Him in  
Let Him in (open up to Him)

Open up and you will be as full as you want to be
