

Star For A Week

Steve Harley

1. Anxious mother pleads come home dino
I can't believe that's my boy they're talking about
His dreams are in his motorcycle, swears he's gonna sort 'em out
His going barefoot, like the man with no name
Gonna break into a bank, if he surrendered imagine the shame

R: I just wanna be someone, anyone
But I wanna be a star, for a week or two
Just wanna be someone, anyone
I'd be complete, if i could be a star for a week

2. Across the country he's been stealing cars
Playing cat and mouse like a hero on d-day
Shoeless boy this shotgun baby
Running from the law likes it's a holiday
He's a good boy, in his heart but a fool
Don't wanna be a fugitive
He'd rather be at home or in school

R:

3. Everywhere he reads give us dino
We wanna know whats this death wish you're talking about
He's cold, he's hungry and he's scared
He's got his father on his mind and this message to get out
I wanna steal, I wanna give, I wanna die, I wanna live
I wanna find my own identity like any other teenage kid

R: (2x)
