

Put Your Best Dress On

Steve Holy

Put your best dress on,
Tonight, we're gone.
It's been way too long,
Since we've had a night to ourselves.
Been around touchin' me:
C'mon, babe, we'll have the time of our lives.

I wanna be holdin' on to you,
The way that I used to.
Just like it was before the world rolled in between us.
I know it fits like a glove;
Slip into it, zip it up:
Baby, put your best dress on.

Put your best dress on,
You know the one we bought down in Rio.
We're not gonna come back home until the sun comes up.
So whaddya say?
Just you an' me, fall in love,
When the first song starts to the last dance.

I wanna be holdin' on to you,
The way that I used to.
Just like it was before the world rolled in between us.
I know it fits like a glove;
Slip into it, zip it up:
Baby, put your best dress on.

Oh, an' after this evenin' is over,
An' when it falls from your shoulders,

I wanna be holdin' on to you,
The way that I used to.
Just like it was before the world rolled in between us.
I know it fits like a glove;
Slip into it, zip it up:
Baby, put your best dress on.

Slip into it, zip it up:
Baby, put your best dress on.

Put your best dress on.
