## **Time To Say Goodbye**

## **Steve Kilbey**

When it's time to say goodbye When it's time to say goodbye When it's time to say goodbye Waiting for you in the sky

Born alone everyone Everything under the sun Stay that way till kingdom come again

When it's time to leave you here Waiting for you to appear

Always into suffering
A long sweet rest for everything
Silence for the song we sing again

When it's time to say goodbye Waiting for you in the sky Waiting for you in the sky When it's time to say goodbye
