

Fabulous

Steve Lawrence

Well I always knew
I was crazy for you
But had I known
You'd thrill me so
If this is love
It's a-fabulous

Your lips close to mine
I get chills up my spine
And when we touch
I thrill so much
If this is love
It's a-fabulous

I read in a book
About a-love and it's charms
But I, I never knew
Until I held you in my arms

When I held you tight
Well, I know that I'm right
It's only you
Can do what you do
If this is love
It's a-fabulous

It's a-fabulous
If this is love, well it's a-fabulous
