

## Yet... I Know (Et Pourtant)

Steve Lawrence

Yet I know  
I know  
There's no one else for me  
Yes I know  
I know  
There's no one else for me  
Yes I know  
I know  
There's no one else for me  
Yes I know

Someday I hope  
I wake up feeling differently  
And find at last  
That you and I are through  
I'll be free of the love  
That has chained me to you  
Yet I know  
Yet I know

You won't believe that I am really leaving you  
And that I'll take back my heart with no regret  
Not a tear  
Not a sigh  
I'll just say goodbye  
Then I'll turn and walk out of your life  
And forget

Yet I know  
I know  
There's no one else for me  
Yes I know  
I know  
There's no one else for me  
Yes I know  
I know  
There's no one else for me  
Yes I know

I'll find two arms  
Two other lips to welcome me  
And you'll become  
A faded memory  
Out of sight out of mind  
And my heart will be free  
Yet I know  
Yet I know

You'll think I'm weak  
And I'll come running back to you  
So you'll be strong  
And play the waiting game  
Don't wait too many years  
When I dry my tears  
And I'll almost forget how you look  
And your name

Yet I know  
I know  
There's no one else for me  
Yes I know  
I know  
There's no one else for me  
Yes I know  
I know  
There's no one else for me  
Yet I know
