

How Many Zeros

Steve Lukather

They try to walk on water
Thats a waste of time
From the ivory tower
They cant take my vibe

Rich man sees a heaven
He tries to keep from me
No one knows forever
No one rides for free

Its a big loud life
Its a heavy price
But the greed is your disease
At the gates of hell
Go and ask yourself
What it means?

How many zeros? do you need?

Ate up with the sickness

Drowning in the luxury
Taking in the glory
til your hour of need

Burning with the hunger
That cant be satisfied
Aching from addiction
til the day you die? til you die

Its a big loud life
Its a heavy price
Greed has got you on your knees
At the gates of hell
Go and ask yourself
What it means?

How many zeros? do you need?
