

Lonely Beat Of My Heart

Steve Lukather

Cold night, you're gone
I can't remember who was right or who was wrong
Warm days with you
Girl we had everything and nothing to lose

Used to own the world
When you were near me
Used to have it all
Now you're not here
Now all I'm hearin' is the

Lonely beat of my heart
I'm lost in loneliness
I can't hear nothing but
The lonely beat of my heart
That's how it's gonna be
Till you're beside me again

Night fades, day breaks
Another morning baby calling out your name
Walk down these streets, yeah
I see your face in everybody's face I see

I can't stand the pain
I need you near me
Baby don't you know,
Until you're here
All I'll be hearin's is the

Lonely beat of my heart
I'm lost in loneliness
I can't hear nothing but
The lonely beat of my heart
That's how it's gonna be
Till you're beside me again

Don't you know that I'd give anything
To have you back in my life
Well you know baby I would sell my soul
Just to hold you one more time

It's just a lonely beat of my heart
I'm lost in loneliness
I can't hear nothing but
The lonely beat of my heart
That's how it's gonna be
'Cause all I'm hearing is the
Lonely beat of my heart

Lonely beat of my heart
I'm lost in loneliness
I can't hear nothing but
The lonely beat of my heart
That's how it's gonna be
Till you're beside me again
