## LT's Midnight Dream

## **Steve Miller Band**

I've been in one place too long With my roots in solid air And I'm gone, gone Solid gone

I'm dreamin' 'bout a bulldog And I'm too far gone to care And I'm gone, gone Solid gone

Got a bulldog in my leer jet Gonna teach him how to fly By myself, gone Solid gone, solid

If I live to be 500 I'd die tomorrow night By myself, gone Solid gone

If there's one thing I can't stand It's to be misunderstood By myself, gone Yes I'm gone, gone Gone, gone, gone, solid gone
