You give me something to come home to, baby
You give me something to believe in
I know in my heart
You have loved me from the start

Whoa, baby I know that it's real I can tell by the way that I feel

You give me something to believe in
Yes, and you give me something to go on living for
And I know in my heart
You have loved me
From the start

Whoa, baby I know that it's real I can tell by the way that I feel

Lie down, my love, lie down
I will sing you a lullaby
Lie down, my love, lie down
Rest easy and close your eyes
Like clear water in a mountain stream
I will come to you in your dreams
Like pictures reflected in a mountain lake
I will be with you when you wake

You give me something to hold on to You give me something to believe in And I know in my heart You have loved me From the start

Whoa, baby
I know that it's real
I can tell by the way that I feel
Oh, oh

Lie down, my love, lie down
I will sing you a lullaby
Lie down, my love, lie down
Rest easy and close your eyes
Like clear water in a mountain stream
I will comfort you in your dreams
Like pictures reflected in a mountain lake
I will be with you when you wake
