

Sweet Soul Vibe

Steve Miller Band

Mhhmmmmhaaahhheehaaahehmmmm,
Mhhmmmmhaahehaahehuuheyhuum,

Aye, aye, aye,
Aye, aye, aye.

Aye, aye, aye,
Aye, aye, aye.

There's something in the light, there's something in the dark,
there's something 'neath our fingertips, that we can't touch.

Anytime you say, we can sail away,
on a steady stream of consciousness.

Did you ever feel the peace, did you ever love the fear?
Ever in the choose, that we wish to clear?

There's a place to go, where we all know.
Got a river, I've been on way these falls.

Everybody, everywhere - sweet soul vibes,
there's something special in the air - sweet soul vibes.
Everybody, everywhere - sweet soul vibes,
there's something special in the air - sweet soul vibes.

Don't be left behind, just move straight ahead,
remember be yourself, hear what I say.

It's far in you mind, sweet soul vibes,
Come along, feel good inside.

Everybody, everywhere, [guitar fill]
there's something special in the air. [guitar fill]

Sweet soul vibes. [guitar fill]
Sweet soul vibes. [guitar fill]
Sweet soul vibes. [guitar fill]
Sweet soul vibes. [guitar fill]
Sweet soul vibes...
