

All The Faint Lights

Steve Moakler

Lies are like stones. They sink in
Pull in the air you're breathing
You can keep it inside
The devil will reside if you let him
Our hearts are all barricaded
And the poisons will decorate it
I wanna know love
I wanna be where you are
So show me the way
I wanna be like that
I wanna hear you call my name and not look back

Cause all the faint lights
They left me stranded and lost
Reaching through empty pockets trying to pay my cost
I put up a fight
But now it's taking its toll
I'm waiting for something to set fire
Wake up my soul

All the people are trapped on freeways
With signs that say "Have it your way"
But we all lost track soon as we got control
So show me the way
I wanna be like that
And I wanna hear you call my name and not look back

Cause all the faint lights
They left me stranded and lost
Reaching through empty pockets trying to pay my cost
I put up a fight
But now it's taking its toll
I'm waiting for something to set fire
Wake up my soul

When the weight is on, I feel alone
Trapped inside my flesh and bones
But if I let go of everything
The stars compose a song to sing

A song for all the faint lights
They left me stranded and lost
Reaching through empty pockets trying to pay my cost
I put up a fight
But now it's taking its toll
I'm waiting for something to set fire
Wake up my soul
