

This Ain't Rock And Roll

Steve Moakler

I drive a compact SUV with a straight four engine
inside. And I think the
Union won the war but I respect your pride.
And I don't chew tobacco but man I'll drink your beer,
I was born up above
The Dixie line and I ended up down here.
I'm not country but I like your country, I know where
I'm from. When I hear
Your songs on the radio, I start having fun. I'm so
down with deep fried
Chicken; Jesus saved my soul. Yeah I'm a Northern City
boy but this ain't
Rock and roll.
I don't like watching NASCAR but God bless the number
3. I cheer on the
Pittsburgh Steelers, I don't watch the SEC, I don't
shoot guns or ride
Horses but I'll give 'em both a try. If Johnny Cash
ever heard this song I
Bet he'd start to cry. I'm not country but I like your
country, I know where
I'm from. When I hear your songs on the radio, I start
having fun. I'm so
Down with deep fried chicken; Jesus saved my soul. Yeah
I'm a Northern City
Boy but this ain't rock and roll.
No ooh oh I like pretty southern belles and I like to
take things slow but
My cousins are NYPD's and I can drive in the snow. Yeah
I grew up playing in
The dirt up where it ain't red and I got one pair of
cowboy boots but they
Ain't going to my head. I'm not country but I like your
country, I'm not
Saying that I'm the real deal. And when your songs come
on the radio, I like
The way I feel. I'm so down with deep fried chicken;
Jesus saved my soul.
Yeah I'm a Northern City boy but this ain't, no this
ain't rock and roll,
This ain't rock and roll ohh oh oh, here we go.
