I drive a compact SUV with a straight four engine inside. And I think the

Union won the war but I respect your pride.

And I don't chew tobacco but man I'll drink your beer, I was born up above

The Dixie line and I ended up down here.

I'm not country but I like your country, I know where I'm from. When I hear

Your songs on the radio, I start having fun. I'm so down with deep fried

Chicken; Jesus saved my soul. Yeah I'm a Northern City boy but this ain't

Rock and roll.

I don't like watching NASCAR but God bless the number 3. I cheer on the

Pittsburgh Steelers, I don't watch the SEC, I don't shoot guns or ride

Horses but I'll give 'em both a try. If Johnny Cash ever heard this song ${\tt I}$

Bet he'd start to cry. I'm not country but I like your country, I know where

I'm from. When I hear your songs on the radio, I start having fun. I'm so

Down with deep fried chicken; Jesus saved my soul. Yeah I'm a Northern City

Boy but this ain't rock and roll.

No ooh oh I like pretty southern belles and I like to take things slow but

My cousins are NYPDs and I can drive in the snow. Yeah I grew up playing in

The dirt up where it ain't red and I got one pair of cowboy boots but they

Ain't going to my head. I'm not country but I like your country, I'm not

Saying that I'm the real deal. And when your songs come on the radio, I like

The way I feel. I'm so down with deep fried chicken; Jesus saved my soul.

Yeah I'm a Northern City boy but this ain't, no this ain't rock and roll,

This ain't rock and roll ohh oh oh, here we go.
