

# If You Need Me, Call Me

Steve Perry

She said I want you to understand  
I'm not off to someone new  
I don't even have one waiting in the wings  
So, I mean, it's not like we're through, oh

It's just I'm young, not innocent  
Ooh, perhaps there's space to grow  
I've learned from you and I thank you a lot  
But after a while I must go

If you want a love  
If you want a love

If you need me  
Call me  
I'll be there when you want me, girl  
I'll be waiting  
Hoping  
With my arms wide open, girl

To tell you the truth  
I started to cry  
Ooh, when I heard those words last night  
Ooh, then I realized she had to live  
She'd be back if it was right

Ooh, if you want a love  
If you want a love

If you need me  
Call me  
I'll be there when you want me, girl  
I'll be waiting  
Hoping  
With my arms wide open, girl

If you need me  
Call me  
I'll be there when you want me, girl  
I'll be waiting  
Hoping  
With my arms wide open, ah
