

If You Need Me, Call Me

Steve Perry

She said I want you to understand
I'm not off to someone new
I don't even have one waiting in the wings
So, I mean, it's not like we're through, oh

It's just I'm young, not innocent
Ooh, perhaps there's space to grow
I've learned from you and I thank you a lot
But after a while I must go

If you want a love
If you want a love

If you need me
Call me
I'll be there when you want me, girl
I'll be waiting
Hoping
With my arms wide open, girl

To tell you the truth
I started to cry
Ooh, when I heard those words last night
Ooh, then I realized she had to live
She'd be back if it was right

Ooh, if you want a love
If you want a love

If you need me
Call me
I'll be there when you want me, girl
I'll be waiting
Hoping
With my arms wide open, girl

If you need me
Call me
I'll be there when you want me, girl
I'll be waiting
Hoping
With my arms wide open, ah
