

Melody

Steve Perry

Melody
Even in my life's confusion
I still feel you near

In my dreams
Telling me you're not illusion
You belong to me

Melody, I believe in you
(Melody)
Melody of my heart
(Melody)
Melody I still reach for you

Hold me melody
Hold me melody

All my life
I'm caught between a rhyme and reason
Why you're here with me

Hold me now
Tell me all the answers that my
Heart will ever see

(Melody)
Melody I believe in you
(Melody)
Melody of my heart
(Melody)
Melody I still reach for you

Hold me melody
Hold me melody

(Melody)
Melody I believe in you
(Melody)
Melody of my heart
(Melody)
Melody I still reach for you

Hold me melody
Hold me melody
