

## Stand Up (Before It's Too Late)

Steve Perry

Is this just a dream  
Livin' in a fantasy  
Surrendering our hope  
Never, never  
Teaching old mistakes  
Deep from in a memory  
Two is forever  
One stands apart  
Love's forgotten, the pain from the start  
Hate for each other, so blind to kill  
'Cause it will, yes it will

(Stand up) stand up (before it's too late)  
This is not a dream no  
(Stand up) stand up (before it's too late)

And we walk hopelessly  
What we leave behind  
Is it fools' reality  
Heaven is a child, I know  
You know

Fear is forever, both stand apart  
When love's forgotten  
The tears from the start

(Stand up) stand up (before it's too late)  
This is not a dream, no  
Sorrow, sorrow,  
Surroundin' my soul  
Cry no more  
All's forgiven

Two is forever  
One stands apart  
When love's forgotten  
The tears from the start  
So so unfair  
We turn away, and I know,  
Yes I know

(Stand up) stand up (before it's too late)  
This is not a dream, no  
(Stand up) stand up (before it's too late)  
Stand (stand up)  
Before
