

## Written Guarantee

Steve Taylor

Nothing happens when you're counting the cost  
You fill the basket when the bread gets tossed  
Castaway upon the waterfront  
Step right in and take whatever you want

It's a written guarantee  
When I give it up to you  
You give it back to me  
It's a written guarantee  
When I give it up to you  
You give it back to me

Full of feelings that I couldn't afford  
Till I up and threw my heart overboard  
Take it all 'cause I remember when  
I lost my life so you could find it again

It's a written guarantee  
When I give it up to you  
You give it back to me  
Who is gonna disagree  
When I give it up to you  
You give it back to me

Nothing happens when I'm counting the cost  
You fill the basket when the bread gets tossed

It's a written guarantee  
When I give it up to you  
You give it back to me  
It's a written guarantee  
When I give it up to you  
You give it back to me

It's a written guarantee  
When I give it up to you  
You give it back to me  
Who is gonna disagree  
When I give it up to you  
You give it back to me

It's a written guarantee  
When I give it up to you  
You give it back to me  
It's a written guarantee  
When I give it up to you  
You give it back to me
