

Always Something There To Remind Me

Steve Tyrell

I walk along the city streets
You used to walk along with me
And every step I take
Recalls how much in love we used to be

Oh, how can I forget you
When there is always something there to remind me
Always something there to remind me

As shadows fall I passed a small cafe
Where we would dance at night
And I can't help recalling how it felt
To kiss and hold you tight

Oh, how can I forget you girl
When there is always something there to remind me
Always something there to remind me
I was born to love you and I will never be free
You'll always be a part of me

If you should find
You miss the sweet and tender love we used to share
Just go back to the places
Where we used to go and I'll be there

Oh, how can I forget you baby
When there is always something there to remind me
Always something there to remind me
I was born to love you and I will never be free
You'll always be a part of me

There's always something there to remind me
Always something there to remind me
You know there's always something there to remind me
There's always something there to remind me
