

## Stardust

Steve Tyrell

And now the purple dust of twilight time  
Steals across the meadows of my heart  
High up in the sky the little stars climb  
Always reminding me that we're apart

You wander down the lane and far away  
Leaving me a song that will not die  
Love is now the stardust of yesterday  
The music of the years gone by

Sometimes I wonder why I spend  
The lonely night dreaming of a song  
The melody haunts my reverie  
And I am once again with you  
When our love was new  
And each kiss an inspiration  
But that was long ago  
Now my consolation  
Is in the stardust of a song

Beside a garden wall  
When stars are bright  
You are in my arms  
The nightingale tells his fairy tale  
A paradise where roses grew  
Though I dream in vain  
In my heart it will remain  
My stardust melody  
The memory a loves refrain
