

## Shy Boy

Steve Vai

On the stage I'm in a rage  
But you I never fool  
Well I can rock with anyone  
But never alone with you  
Somethin' starts a barkin'  
Now deep inside of me  
I need a classy woman  
To knock me off my feet

Shyboy, shyboy, shyboy, shyboy  
Shyboy, shyboy, give it one more time boy  
Shyboy, shyboy, shyboy, shyboy  
Shyboy, shyboy, give it one more time boy  
Oh, you make me nervous  
More than I had planned  
Would you wanna know me  
If I wasn't in the band  
Crazy feelings  
Deep inside of me  
I need a wild woman  
To knock me off my feet

Gotta keep things moving  
Till my personality starts improving

Gotta keep things moving  
Till my personality starts improving
