

# All Roads Lead To You

Steve Wariner

Blacktop's burning, heat waves rise  
Pick up my shove, I put my back to the grind  
Got another job in Flagstaff and this one's paid

I work the freeway, the pays all right  
But I can't get you off my mind  
'Cause every stretch of highway ends the same

All roads lead to you  
I thought I could forget but it's now use  
Your memory is there wherever I go, whatever I do  
All road lead to you

The boss said one more mile to go  
The last one always goes so slow  
If I could just turn off my mind I'd be all right

But I keep wondering what went wrong  
Whose holding you now that I'm gone  
There's not a minute that goes by you don't cross my mind

All roads lead to you  
I thought I could forget but it's now use  
Your memory is there wherever I go, whatever I do  
All road lead to you

The sun's getting to me  
I think I see you in every car that passes by  
No way around it I'll always love you  
Any fool can read the signs

All roads lead to you  
I thought I could forget but it's now use  
Your memory is there wherever I go, whatever I do  
All road lead to you

All roads lead to you  
I thought I could forget but it's now use  
Your memory is there wherever I go whatever I do  
All road lead to you

All roads lead to you  
I thought I could forget but it's now use  
Your memory is there wherever I go whatever I do  
All road lead to you
