

# Lonely Women Make Good Lovers

Steve Wariner

Lonely women make good lovers  
They all have mercy for good lookin' smooth talkin' men  
Lonely women make good lovers  
If you got a woman you better treat her just as good as you can  
.

Lots of times a lonely girl will go out on the town  
With no thoughts of evil on her mind  
She don't try to flat that seat  
Lord knows there's something every woman needs  
Friendly smile will do it, every time.

Lonely women make good lovers  
They all have mercy for good lookin' smooth talkin' men  
Lonely women make good lovers  
If you got a woman you better treat her just as good as you can  
.

Once a woman's tasted love, she can't do without  
She'll search for something more  
When she gets cold  
And if her lips are wet with wine  
When it comes to lovin' time  
She'll trade her pride for something  
Warm to hold.

Lonely women make good lovers  
They all have mercy for good lookin' smooth talkin' men  
Lonely women make good lovers  
If you got a woman you better treat her just as good as you can  
.
