

## When I Could Come Home To You

Steve Wariner

There's a light that I leave on  
It's just an illusion cuz there's no one at home  
It shines just like it used to  
When I could come home to you

There's a song on the radio  
I love to hear it cuz you loved it so  
It reminds me of the things we used to do  
When I could come home to you

Guess I'm just fooling myself  
I've always been a fool for you  
I'm still living for the day my dreams come true  
And I can come home to you

Like the ring I still wear  
My heart's still waiting  
It'll always be here  
Do you ever think about those days too?  
When I could home to you

There's a light that I leave on  
it's just an illusion cuz there's no one at home....
