

## And I Go

Steve Winwood

My girl white in a yellow light  
Looks so good  
And it takes me  
Love so bright she can love all night  
Shows me all she knows

Painter paint the scene  
Hold us in a dream  
Feel what it means  
When she takes me  
Oh, she plays her part  
Holds me in her hearts  
Knows from the start  
She can take me  
And she takes me  
And I go

When I'm bound in the London ground  
Play this song  
It'll take you  
Say her love was a velvet glove  
Held my life through

See us in the morning sun  
How the colors run
