

# Fill Me Up

Steve Winwood

Thy will be done

You came into my life, you made it alright  
You showed me who I could be  
You gave me your vision gave me inspiration  
You helped my eyes to see

When I worked out what you  
Had worked in me  
I found out how precious  
Life can be, so

Fill me up with your love  
(Thy will be done)  
Fill me up with your tenderness  
Fill me up with your love  
Fill me up and help me to grow

There was a time when I was blind  
I had no faith, I had no pride, no  
I wasted lots of precious time  
Thinking of myself and my own mind

Then you picked me up  
And revealed your love  
You shined your light on me  
And renewed my soul, so

(Fill me up, fill me up)  
Bring your lovin' home to me  
(Fill me up, fill me up)  
Show me how love's supposed to be  
(Fill me up, fill me up)  
Bring your lovin' home to me  
(Fill me up, fill me up)  
Show me how love can grow

Then you picked me up  
And revealed your love  
You shined your light on me  
And renewed my soul, so
