

Goodbye Stevie

Steve Winwood

Well I'm leaving baby
I'm gonna go away from here
You know I'm leaving baby
I'm gonna go away from here

And I even gonna worry
Ain't even gonna shed a tear

Well I went to see my baby
Pulled the blind and closed the door
She said, "now, goodbye stevie,
I don't need you no more."

She's gone, I mean it here today
Leavin's so much work cause I know I'm going away

Well I'm leaving
I'm gonna go away from here
You know that I'm leaving baby
Gonna go away from here
Look out pretty baby
I ain't even gonna shed a tear

Baby, you're so good, you're so fine
Baby baby baby baby....
Look out, you're so good
Look out baby
Gonna leave this town for good
