

Heaven Is in Your Mind

Steve Winwood

Ride on the swing in and out of the bars
Capturing moments of life in a jar
Playing with children, acting as stars

Guiding your visions to heaven
And heaven is in your mind

Take extra care not to lose what you feel
The apple you're eating is simple and real
So, water the flowers that grow at your heel

Guiding your visions to heaven
And heaven is in your mind

Ride on the swing in and out of the bars
Capturing moments of life in a jar
Playing with children, acting as stars

Guiding your visions to heaven
And heaven is in your mind

Take extra care not to lose what you feel
The apple you're eating is simple and real
Water the flowers that grow at your heel

Guiding your visions to heaven
And heaven is in your mind
